PROFILE

Final-year **Computer Engineering** student at ENSA Tangier, focused on **Full-Stack development**, from web interface design to backend services and APIs.
Passionate about process automation, I am looking for an **end-of-studies internship (PFE)**.

EDUCATION

Engineering Degree in Computer Science – Final Year ENSA Tangier 2022 – Present

PROFESSIONAL EXPERIENCE

Focus Next Computing
Casablanca, Morocco (hybrid) Jul. 2026 – Sep. 2026

Full Stack Developer | Intern

- Developed **FHIR**-compliant **Spring Boot** microservices, ensuring patient data interoperability.
- Integrated DICOM imaging (Orthanc PACS) through **Kafka**, with real-time result notifications (SSE).
- Secured the Patient and Lab Technician **React.js** portals with **Keycloak (OAuth2)** and SMART on FHIR.

Ceres Blockchain Solutions
Belgrade, Serbia (remote) Jul. 2025 – Sep. 2025

Full Stack Developer | Intern

- Built **Projexis** end to end (**Node.js, React, PostgreSQL**), centralizing HR management and workload tracking.
- Designed the data model (ERD) and **RESTful APIs**, providing a reliable and scalable foundation for the platform.
- Created decision-support **dashboards** for management within an international team (**Agile/Git**).

PROJECTS

DIRHAMY – AI Financial Assistant RAG, PGVector, Embeddings, Groq API 2025 – 2026

- Designed a **RAG**-based financial chatbot with semantic search using **embeddings** and **PGVector**.
- Developed a recommendation engine that detects risky spending and sends **proactive alerts**.
- **Cut API costs by 67 %** by grouping the recommendations for all of a user's goals into a single LLM call.

PROPEL – Multi-Agent Job Application System LangChain, ASP.NET, Angular, Kafka, AWS 2026

- Developed a resume-generation **agent (LangChain, FastAPI)** with automated LaTeX/HTML/PDF rendering.
- Designed an **ASP.NET & Angular** microservices architecture communicating via **gRPC**, API Gateway and **Kafka**.
- Deployed on **AWS** (ECR, ECS) using infrastructure as code with **Terraform & Ansible** and **CI/CD** pipelines.

Skilios – Soft Skills Assessment Platform Vue.js, Node.js, Sequelize, Docker 2026

- Led the **front-end team** on a project of **10 developers** (Agile, PR reviews, Vue.js).
